

These real estate agencies use the standard clauses in rural and residential agency agreements

The Real Estate Authority (REA) and the Real Estate Institute of New Zealand (REINZ) have developed standard clauses for agencies to use in rural and residential agency agreements. These clauses protect people selling property by:

- Reducing the likelihood of sellers being charged commission by two agencies
- Clarifying when the agency agreement ends and when the seller needs to pay a commission.

It is voluntary for real estate agencies to use these standard clauses.

We recommend that sellers only sign an agreement with an agency that includes these clauses in its agency agreement.

The following agencies have agreed to use the standard clauses.

If an agency does not appear on the list, they are either not using the clauses; have not yet let us know that they are using the clauses; or they let us know after the list was last updated (and will be included on the updated list).

This list is not a recommendation or endorsement for any agency listed.

This is simply a list of the agencies that we know use the standard clauses for rural and residential agency agreements. You should always ask your lawyer to check an agency agreement before you sign it.

Residential

The following agencies are using the recommended standard clauses for **residential** agency agreements. (Agencies that use standard clauses in **rural agreements** are listed on page 45 [below](#)).
